Oshawa family is charged with assaulting police

An Oshawa boy, Charles James Walker, 17, has been charged on several counts due to an incident which occured in Minden on Sunday, February 16.

Walker was picked up in Minden by Provncial Constables J.G. Martin and B.C. Jarvis for impaired driving. He was taken to the Minden Detachment office of the OPP and refused to take the breathalyzer test. As a result of the investigation Walker has been charged with impaired driving, refusing to take a breathalyzer test, and a minor consuming liquor.

He was released to his parents, Mr and Mrs Charles Howard Walker, also of Oshawa the following morning and the three of them went to the parking lot of McKnights Shell Centre on the Minden by-pass. When the OPP officers continued further investigation at the parking lot Charles James Walker jumped up onto the trunk of his car to prevent the officers from opening the trunk to get further evidence. At this point all hell broke loose.

As the teenager obstructed the police the parents jumped into help him. As a result of the fight the following charges have been laid. Charles James Walker, two counts of obstructing a police officer in his duties, two counts of assaulting a police officer in his duties; Charles Howard Walker, 42, two counts of obstructing a police officer in his duties, two counts of assaulting a police officer in his duties; Joyce Bernice Walker, 39, two counts of obstructing a police officer in his duties, two counts of assaulting a police officer in his duties.

Ten days later on February 26, 1975 the same Charles James Walker entered the Minden detachment with a set of Kung Fu sticks and started to take on anybody in sight. As a result he has been charged with possession of weapon dangerous to public peace and a minor consuming liquor.

Minden OPP report

Man charged with break, enter and theft

The Ontario Provincial Police Detachment, Minden report the following activities for the period of February 24 to March 3.

There were eight motor vehicle collisions reported and 62 general occurrences reported.

There were two break, enter and thefts reported, two charges laid under the Liquor Control Act, four charges under the Motorized Snow Vehicles Act. There were four persons charged with impaired driving.

On February 28, 1975 a Break, enter and theft was reported at Fort Irwin, area, Haliburton Lake. A residence had been broken into and a television and portable radio stolen - value $745.00. An investigation by Prov. Constables Jim Martin and Boyd Jarvis led to the arrest of Gerald Wayne Beatty, 21, of Fort Irwin, Haliburton Lake on March 1. Beatty has been charged with break, enter and theft and with possession of stolen property of a value over $200.00. The stolen property was all recovered.

Investigation by Prov. Const. J.E.B. Ladurantaye is continuing into a car fire in the Gooderham area. On February 28 a 1973 Corvette owned by Curry Motors Haliburton and leased by Edward Hunter of Gooderham was totally destroyed by fire. Damage is estimated at $6,500. Investigation is continuing to establish who the driver of the vehicle was, just prior to or at the time of the fire.

On Thursday, February 27 at 5:30 p.m. Hubert Joseph Alsop age 65, of Gooderham was driving a snow plow on the Tamarack Lake Road in the Gooderham area and was eastbound and passing a vehicle owned by Stephen M. Hicken, 24, of 7 Beverly St., St. Catharines which was parked unattended. The snow plow wing blade caught and scraped the right side of the Hicken vehicle which was parked facing west. Stephen Hicken has been charged with "Parked interfering with traffic". There was no damage to the snow plow but estimated damage to the Hicken vehicle was $600.00. O.P.P. Constable J.G. Martin investigated the accident.

*****

Damage was estimated at $1,200 to a vehicle driven by Paul Fleming, 19, of Minden in an accident on Highway 35 at the Gull River Bridge on Saturday March 1 at 1:00 p.m. The vehicle was southbound and lost control in the slush on the roadway and struck the Gull River bridge. Constable Roy Telford of the Minden detachment of the Ontario Provincial Police investigated.

For Liberal nomination

Three men entered in race

At least three candidates: John Eakins, Doublas Fisher and David Logan have made it clear that they are in the running for Liberal Nomination to contest the riding of Victoria-Haliburton for the Liberals in the next Provincial election. There could be more.

The Liberal Nominating Convention will be held at the Academy Theatre in Lindsay this Friday night at 8:00 p.m.

The local Liberal Association is expecting a record turnout to the convention.

David Walling, president of the Victoria-Haliburton Liberal Association pointed out that the Nominating Convention will be attended by paid-up members of the Victoria-Haliburton Liberal Association. The Nomination meeting is an open convention in accordance with the requirements of the Constitution of the Liberal Party in Ontario.

The only restriction on persons becoming members of the Association is that they must be either paid-up members of the Association 72 hours prior to the Nomination Convention or they must be immediate past paid-up members.

Mr Walling stated this week that the Association is prepared for an election in this Riding at any time the Provincial Government wishes to call one.

Man charged with assault

Peter William Gilliam, 21, of Lindsay has been charged with impaired driving and providing a breathalyzer reading greater than .08.

In addition to these charges Gilliam has also been charged with two counts of assaulting a police officer in performance of his duties.

The incident took place on Tuesday, February 25 and the investigating officers on the case were Provincial Constables T.R. Brown and W.G. Popp of the Minden Detachment of the OPP.

During the big snowstorm that hit the Haliburton Highlands last Wednesday, some of the Haliburton businessmen who couldn't get to work by car just jumped onto their snowmobiles as an alternate way for transportation. That was some storm, one of the biggest of the season and it makes one think that spring is not just around the corner.

Kinmount firefighters and Provincial Police from Coboconk responded recently to a report of a fire at the home of Harry Pearson, age 64 located approximately a half-mile south of Kinmount on Highway 121. Investigation by Provincial Constable Mike Ware reports that the house and adjoining garage were completely destroyed by the early evening blaze. Kinmount Fire Chief John Austin explained that there was little firemen could do to save the frame structure which was pretty much gone when they arrived. The estimated loss of the building was $10,000 while the value of contents is unknown at this time.

A dirty windshield is a hazard. Bright sunshine hitting that outer grime or that inner blue haze can be blinding. On cold days, frost and ice buildup creates the same hazard. Remember ... what you don't see could be what you get, warns the Ontario Safety League. Keep that windshield clean, no matter what kind of winter weather you're facing.

The liquid car wax used in some automatic car washes will smear the windshield and can become a serious hazard when mixed with rain or road grime, according to recent research in the U.S. The Ontario Safety League urges motorists to make sure the wax is cleaned from both the windshield and the wipers immediately following the wax application.

Along the Trails

By Roy Bates

Winter returned last week with a full-scale blizzard. The first such storm to hit Haliburton in many years. Following Monday's heavy rain came the high winds and snow flurries. Some flurry! During Tuesday night and Wednesday well over a foot of snow came down, and it continued to snow - off and on - all week.

Snowmobilers, of course, like snow but coming as it did on slush covered lakes it has not improved the riding in that area. Thanks to the HCSA and the Ministry of Natural Resources there are overland trails, but I would enjoy at least one good long run on the lakes before the winter is over.

The Ontario Federation of Snowmobile Clubs annual convention will be held April 18 to 20 in Canada's capital city. All members in good standing are eligible to attend with each club entitled to two voting delegates. Members of the Haliburton County Snowmobile Association who would like to take in thie event should contact your board of directors immediately or write Box 151, Haliburton, for more details.

We now have O.F.S.C. membership cards for the 200 members recorded prior to January 15. These will be mailed out with our next newsletter within a few days.

The October 31 expiry date for HCSA memberships was established to allow ample time for renewal by the end of the year so that no member need miss out on the OFSC bulletin and other advantages of affilition. It is now March, and renewals are still coming in. We ae pleased to accept them, however late, and we do appreciate your support, but may we hope for an earlier renewal next time? We take no pleasure form deleting names from our mailing list.

The HCSA entertainment committee has established the date for this year's SNOWBALL ROUNDUP. The dance will be held in the Haliburton Legion, Saturday night March 29th. Music by Ray and The Rythmaires, who have played well for us in the past with selections for all ages. Ken Fielding, chairman, assures us that there will be the usual profusion of special prizes and attractions and a draw for a new snowmobile suit. This will probably be the last social gathering of the season, so come on out and enjoy it with us. The current 50/50 draw will be won on that night. Lots of tickets still available.

The current snowmobiling season has brought a substantial increase to the numbers of winter tourists coming to these highlands. Several local snowmobilers are finding it profitable to make themselves available for guiding service. A new developing industry?

HALIBURTON SPORTS

The above photo shows some hockey action around the Haliburton Midgets goal in the third game they played which was aginst Thessalon in a Midget tournament played in Amos, Quebec over the past weekend. Dale LaPorte is shown in the Haliburton net and other Haliburton players in the picture are Jay Wooton skating behind the net and Haliburton player Larry Stinson, number 3 is shown mixing it up by the boards. The Haliburton team won the first two games, but lost this one to Thessalon by the score of 5-3.

Huskies blast Newcastle 13-0 in series opener

The Haliburton Travelways Huskies opened their series here on Saturday night with a convincing 13-0 win over Newcastle.

Tim and Tom Curry again paced the Huskies with three goals and two assists each.

The Huskies opened up a 5-0 lead in the first seven minutes of the game on goals by Ernie Bain, Bev Hicks, Floyd Henry, Tim Curry and Tom Curry. The Huskies added five more in the second period on goals by Tom Curry, Wade McInnis, Floyd Henry, Rick Wood and Jammie Carroll.

Tim Curry added two and Tom notched one in the third period to round out the scoring.

On Sunday afternoon the Huskies travelled to Newcastle and came away with a 11 to 8 victory, to take a two-game lead in the best of five series. The Curry brothers continued their scoring pace with Tom notching four goals and two assists while Tim scored three and added three assists.

Other Huskie goal scorers were John Wilson with two and singles to Floyd Henry and John Welch. Dennis Good was in goal for both weekend games playing a strong game Saturday night to register his first shut-out of the season.

Should the Huskies win over Newcastle this Wednesday night they will open a best of five series against Bancroft this coming weekend.

Alcide Memorial Tournament one of carnival highlights

One of the many highlights of the Haliburton Winter Carnival was the Fourth Annual Alcide Carpentier Memorial Pee Wee Tournament which was played on the Saturday at the Haliburton Arena.

This tournament was organized in memory of Alcide Carpentier who was an avid and faithful hockey fan until his death four years ago.

Well over 200 hockey fans paid their way into the arena to see eight teams compete for the Alcide Carpentier Trophy and the consolation winners received the Fred Neimann Trophy. Mr Neimann was also an avid hockey fan in years gone by.

Winner of the Alcide Carpentier trophy was Fenelon Falls which defeated Keene in the final game.

Markham won the Fred Neimann trophy after defeating Bobcaygeon in the final game.

Teams were entered from Haliburton, Minden, Bobcaygeon, Keene, Sunderland, Bowmanville, Fenelon Falls and Markham.

Our thanks to everyone who made the tournament a success and special thanks go out to the referees, timers, announcers and the ladies of the Haliburton Minor Hockey Association who handled the lunches.

Beaten in final

Midgets compete in Quebec

This past weekend the Haliburton Midget team travelled over 400 miles north to Amos, Quebec to compete in the 32-team annual tournament there.

After spending all day Thursday travelling the team faced Val Paradis first thing Friday morning, and Dupuy in the evening.

Both of these games provided little competition for our boys and they showed no mercy.

They blanked Val Paradis eight to nothing and outshot them 34 to 6. Tim Bain and Joy Wootton each scored two goals in this game, and Derwyn Barry, Jerry Stephenson, Joe Roberts, and Dan Curry each scored singles. This game marked the first time this year our midgets completed a game without incurring a single penalty.

Friday evening the boys came on even stronger and demolished Dupuy 11 to 0, and outshot their opposition 23 to 0. Dale LaPorte earned the easiest shutout of his career, without having to handle a single shot on his net. Tim Bain got a hat-trick in this game, and Jay Wootton and Joe Roberts each got two goals, with Dan Curry, Derwyn Barry, Larry Stinson, Corey Riley and Kirk Potter each adding singles.

Haliburton finally met their match Saturday night in the final game for the "C" championship, against Thesalon who had been winning their games handily also. This game was written up in the Amos paper as what they expected to be the best game of the tournament, with Haliburton considered slight favourites. However the boys found themselves fighting from behind throughout most of the game, managing to tie the game three times, but never attaining the go-ahead goal. With four minutes remaining Thesalon pulled ahead for the last time, and got their insurance goal with exactly one minute remaining to kill the Haliburton offensive drive. Thesalon won the game and the championship 5 to 3. Tim Bain with two goals and Greg Bishop with one goal were the Haliburton marksmen. Haliburton returned without a trophy, but left a good impression with the people of Northern Ontairo and Quebec who admired their hockey prowess.

This trip for the boys would not have been possible without the kindness of Vance's Shell, San Parish's Texaco, Haliburton Red & White, Curry Bishop, and Elgin McDuff for credit cards, and Gary McNight, Ed LaPorte, Jim Potter and Elgin McDuff for driving the boys up there and back. Our sincere thanks to the above people.

The Haliburton Midgets are now entering the quarter-finals for the all Ontario D championship and being a best three out of five series against Marmora this week. We hope you will all get behind this fine team and support them. Marmora will be playing their home games at Madoc and the first game of the series will be played at the Madoc arena this Saturday night at 9:00 p.m. The second game of the series will be played at the Haliburton Arena on Tuesday night, March 11 at 8:30 pm.

Haliburton peewees edge Beaverton 2-1

Backed by superb netminding on the part of David Elstone and the great scoring ability of Tim Davies the Haliburton Pee Wees scored a 2-1 victory over the Beaverton Pee Wees in a play-off game played at the Beaverton Arena last Friday night.

The win for the Haliburton team was a big one as they wrapped up their first round in the O.M.H.A. playoffs and now await the next team in the second playoff round.

The 2-1 victory gave Haliburton the series three games to one and what a thrilling series it was right down to the last minute of play on Friday night.

Tim Davies scoring ace of the Haliburton club got Haliburton off to a 2-0 start at the end of the first period when he scored two goals, one on an assist from Roger Hicks and his second unassisted. Phil McCrea got one of these goals back for Beaverton in the second period to make it 2-1 and this is the way it all ended as there was no scoring in the final period.

Beaverton picked up a total of 10 minutes in penalties, while Haliburton had 17 minutes in penalties.

The Haliburton Pee Wees will now meet Wellington with the first game of the series scheduled in Wellington this Friday night. The second game will be played in Haliburton Sunday night starting at 7 p.m.

Intermediate C playoffs start

Monarchs meet Woodville

Bracebridge 9 - Penetang 5

Bracebridge wins semi-final series 4-3.

Bradford 6 - Elmvale 4

Bradford wins semi-final series 3-1

Bradford 9 - Bracebridge 1

Bradford leads final series 1-0.

MINDEN MONARCHS

The Monarchs have started their best three out of five playoff series with Woodville this past Monday night in Woodville. Press deadlines make it impossible to give the game result, as well as dates of the next games, which are decided immediately preceeding the first game of the series. There will be a home game in Minden Friday night and, if Minden wins the flip, perhaps Sunday night as well. Posters advertising the games will be placed throughout the County so watch for these posters as to times, dates etc. of the Monarchs next games. Also watch CKVR TV 3 for late night sports results - this station will carry Monarchs results until the playoffs are over. So keep in mind that the Monarchs should be playing at home this Friday night so, keep Friday night open and come to the Minden Arena.

Government assistance to tourist operators welcome in Haliburton

We were honoured over the Haliburton Winter Carnival weekend to have with us here in Haliburton and surrounding area the Honourable Claude Bennett, Minister of Industry and Tourism. On the Friday evening he delivered a very interesting talk at a dinner sponsored by the local Chamber of Commerce at Wig-A-Mog Inn.

During his address he touched on many excellent points on what the Ontario government is trying to do to aid in the cause of tourism in Ontario and especially here in Haliburton County. Everyone present knows full well how important the tourist industry is to all of us here and we are quite pleased to note that local tourist operators are receiving assistance from the government.

In his address he touched on the subject of industry for Haliburton County and although he noted that we need industry here we left with the feeling that not enough is being done to see that we get it.

If we as a County are to progress and give more local people jobs the year round we must have light industry move in here before too much longer.

It is the feeling amongst many citizens here in the County that the local Chamber of Commerce should be spending the same amount of money on trying to get industry to locate here as they are spending on the tourist business. This has not been done in the past but should be done in the future.

In order that many of our young people who are educated here won't have to move to the larger centres for employment, we must band ourselves together in the common cause to promote more than ever before the tourist business and industry.

There is one thing that we hope that the Ontario Government will not do here in our county and that is that they will not designate us as a tourist area and a green belt. God forbid.

Loon Lake-Tory Hill road needs to be rebuilt soon

We would like to suggest to the Minister of Highways the Honourable John Rhodes that if he has any spare time on his hands that he should pay a visit to Haliburton County and take a drive over what we call a highway from the portion at Loon Lake to Tory Hill. At the present time this drive is an experience in itself.

If you don't believe us then just take a trip over this section of highway and find out for yourself just what a mess it's really in. It's heaved up so badly that one would think that they are on a roller coaster and anyone with a bad stomach would get the feeling of a person being sea sick.

We were talking to a motorist just the other day who drives this stretch several times in a month and he told us that you want to fasten your seat belt when you approach this section of the highway.

We are appealing to our local M.P.P. Glen Hodgson and the Minister of Highways to start to take some action to have this portion of highway from Loon Lake to Tory Hill rebuilt in the very near future.

The average motorist is paying a big dollar for the privilege of driving on our highways and all he is looking for is good roads to drive on.

Unemployment frauds often caught

From time to time in Canada and right here in Haliburton County some people are always out to beat the Unemployment Insurance Commission. Unemployment Insurance is a wonderful thing for those people who are deserving of it, but like everything else it is often abused.

For those individuals who are contemplating defrauding the Unemployment Insurance Fund we ask them to please read the following list of prosecutions that were made in 1974.

During the year 1974, the Unemployment Insurance Commission prosecuted sixteen (16) persons in the Peterborough District Office area. There were twelve (12) convictions registered in Peterborough Provincial Court and four (4) in Lindsay.

Nine (9) convictions were registered in relation to individuals working and earning money while collecting U.I. Benefits at the same time. Four (4) convictions were obtained in relation to offences related to reporting that they were "Laid Off" on their application for benefit, when in fact they quit or were fired.

Fines totalled $2,605.00 and ranged from $75.00 to $300.00. In addition to the fines, the majority of the sentences were accompanied by a probationary period during which the individual was required to repay the overpayment which was caused by the offence.

There is an increasing trend by the courts to treat offences under the U.I. Act as outright fraud and theft from the public purse. In other areas of Ontario and Canada, jail sentences have been handed down upon conviction.

Open Letter

Municipal building must not be torn down

The Dysart Municipal building must not be torn down. Painting it was bad enough!

We were dismayed to read the editorial of February 20. "... practically everyone we talked with is of the opinion that the old municipal hall should come down..." With how many people did you talk, Mr Editor?

"How many people today are worried about tradition? You can count them on your right hand."

How sad it would be if that were true! Fortunately, it is not.

Haliburton County has too few remaining buildings of historical value and interest. The Municipal Hall is one, and it must be preserved.

If one must have a new municipal building, erect it elsewhere. Perhaps the present building could house the museum collection, as the present museum building cannot accommodate all available exhibits.

Concerned citizens must act quickly before it is too late. The people of Toronto and Cobourg saved their valued town halls. We can do the same.

"... in everyone's life, there is room for tradition". by Eleanor Roosevelt.

LETTERS TO THE EDITOR

Dear Editor:

My how the world has changed!!! No the world hasn't changed any, but our society sure has.

I guess our education program of a few years back has put our youth in such a high bracket of thinking one wonders if $3.00 or $4.00 an hour shouldn't be $30.00 to $40.00 an hour. Let us have it all now, leave the peanuts for the elephants.

I haven't much of an education (High School Certificate) earned back in 1929. That didn't give me the privilege of a desk job, white or blue collared, whatever you choose to call it, but things were not the same then as today. One took what work and pay they could get an were damn glad of it.

Certainly everyone should have a choice of their labours but let us not blame our society or place of residence for not getting it.

Let us face it everything is travelling too fast, it has got to slow down first before any balance can be determined.

How would our youth of today like a job paying $1.65 a day as Stan English and myself received for loading 26 cords each per day of cordwood on to wagons and sleighs six days a week at the Standard Chemical Co. at Donald? A lot of others who worked there for this kind of money were my father John A. Emmerson and Henry Howe, Frank Howe, Ralph Pasquino, Bill Cowem, Dunc Emmerson, Sandy Gilbert. The Burke boys to name a few. Ask any of them who are still alive and they'll tell you.

A lot of times our evenings were spent loading carloads of bags of Asetate which weighed per bag anywhere from 140 to 175 lbs. Everyone carried one or he wasn't there to do the job.

We didn't get Unemployment Insurance in those days or welfare either. Anyone who did get a bit of welfare ($2.50 to $3.00 a week) had to be almost pantless before they could get it.

Those who didn't save a little for a rainy day just had to get along on wild rabbits (there were some then and 22 cartridges were 35c a box of 50 long rifle (2 hours work) a high priced commodity, you sure didn't waste them).

People didn't shoot them (rabbits) off then for the fun of it and leave them to rot as they do now. Neither were any other wild animals; which brings us back to that old proverb waste not want not.

As to Mr Chomas employing 30 - 200 men (more power to him) but I wonder where he got this pipe dream (probably on some sucker creek back in the bush somewhere five miles away from anyone).

How Mr Chomas are you going to pay $3 or $4 for unskilled labour, and the high cost of transportation which is bound to increase? Then there are the unions entering into the project; 200 men should put out a substantial amount of your planned project. I doubt very much if the populace here will buy all the produce so it will need to be (some) marketed elsewhere. Somehow this must be paid for; my thoughts are you are looking for cheap labour to take up the slack for additional transportation for the marketing of your product competitively; Nobody but nobody operates for a loss unless he's got a big pile to give away. Generosity never was or will be that way.

Bullshit may be music but it will never make a brass band and it will take one awful lot of it to sweeten a cup of tea no matter how small the cup.

Sincerely
Maurice Emmerson
RR2 Haliburton

Dear Editor:

Damn it!, some guy, in your paper, suggests to another to "... accept starvation wages and stay honest and see everyone else fall", and he has the nerve to sign "Sincerely Christ."

Take it from an older man like me, who has gone through Heaven and Hell, that honesty is a very loose term and is used by some people who don't know what the heck they're talking about. Many citizens who unconsciously break the law are honest, there is Honesty amongst criminals which you might not understand. There is honesty in people who want to build their little businesses and empires, there is honesty amongst hard working people who want to build a future for their families and honesty amongst people who are lazy, stupid and just don't give a damn about anyone.

This man takes any uncompleted text he wants out of any context and uses it in a selfish negative manner to exploit. Too bad there isn't a citizen exposure where ignorance of facts such as this could be revealed to the younger generation who might be stupid enough to follow it and use it.

Besides all the other baloney, there is one serious and damaging fact which this man has publicly pointed out. He claims that there are persons who "gain by cheating", therefore, he has a knowledge of persons committing a criminal act.

Your knowledge of persons committing an unlawful act" of cheating the poor people and doing nothing about it, makes YOU an enemy of the poor, a criminal in the eyes of the law, and in your bible, a very serious sinner in the eyes of God.

I personally think this man is lying. But if he can prove these serious accusations, then I for one will take immediate action to make sure of an immediate prosecution and prevent this person or persons from conducting business again. I will guarantee many people and several organizations in the Metro area behind me and perhaps a few in Haliburton - I'll get an action movement to get this rolling fast. So put up or shut up.

As for Peter Schellenberg - he impresses me as an individual who wants to do something about the economic status in your northern town (I have since got to know him better through his 2nd letter). I don't think he'll sit on his rump waiting for handouts from God or Government.

If this subject regarding employment stems a greater interest to readers and others, which I hope to God it does, then, Peter, I strongly suggest you form a committee of concerned persons. Organize an unchartered association with an objective of conducting several forums, the first of which be held at Haliburton in June 1975 with provincial politicians. I'll help you get this started and count me in as an active participant.

Another thing Pete, the next time you are in Mississauga, I'll show you my books - I'll do more than that to open your eyes to realities which are horrible and many which are beautiful.

Awaiting replies, I remain yours very truly

Dear Editor:

In the editorial column of the February 20 issue of the Echo the Editor speaks in no uncertain terms of our "Ancient Municipal Hall" and its "Vault system that leaves a lot to be desired" and its "Old Steps to the second floor" also if we had a fire "What would happen to our Records."

So let us start at the beginning: it was built in 1907 at a Contract price of approximately $7,000.00 using Stone, Brick and good solid framing which sixty-eight years later is still in top condition. Does the Editor realize that in England there stand many hundreds of buildings from two hundred to eight hundred years old, still in good condition.

In 1956 the Municipality thought well enough of this "Ancient" building to spend between eight and nine thousand dollars for internal improvements, at this time two concrete vaults were built using 100 bags of Cement and 2,000 feet of re-inforcing steel and two top quality Doors by a top Vault Door manufacturer with a fire rating of 12 to 15 hours (most fires are out in six or seven hours or less). No doubt all valuable records are kept in the vault at night. When the local Bank of Montreal burned to the ground all items within the vault were saved.

As for the stairs, they have been well built and are still in good condition today, and when I get too old to navigate them I am sure that I could get someone younger than I to do my business for me. I am reminded of an experience of about 30 years ago, when I had occasion to visit a factory in Toronto; that had been plagued with persistant rumours among the employees that were distorted statements, half truths, and downright lies. The Management was very upset and so placed this notice in a prominent position over the Time clock. "MAY GOD HELP ME TO KEEP MY BIG MOUTH SHUT UNTIL I SHALL KNOW WHAT I AM TALKING ABOUT"

Yours Sincerely
Joe Taylor

At this time of the year it is the duty of a council to prepare a budget for the year ahead. A budget is the amount of monies needed for the year, and becomes the basis on which the tax rate will be based and collected.

It is necessary to plan the work that will be undertaken on roads, community services such as recreation and health, and care, additions, or improvement of property and parks. Salaries and wages must also be considered and estimated in advance for the year.

In recent years this has become much more difficult to predict because of the constant changes in the cost of materials and labour. This part of municipal control takes a great deal of experienced planning, and the council together with the clerk must try to be as close to reality as possible.

After the budget has been set, the next duty is to keep within the amount set for each department. It often happens that a council will deduct dollars here and there in order to get the amount down, and thus keep taxes down, only to find out later in the year that a shortage of money makes it necessary to curtail part of the program, or to borrow from the bank in an amount greater than planned. Sometimes this can create a problem which the people find hard to understand. Thus if welfare or roads costs go up unexpectedly, something along the line has to be reduced in order to 'stay within the budget'.

After the levy has been established early in the year, your council has no way to get extra funds for the balance of the year.

We can assure you that council give a great deal of study to "SETTING THE BUDGET".

New directors elected at Real Estate Board meeting

At a General Meeting at the Fireside Restaurant in Minden, February 25, two new directors, Peter Bakogeorge of W. Frank Real Estate in Lindsay, and Roy Boughner of Gary F. Vasey Real Estate in Haliburton were elected by the members of the Lindsay-Haliburton Real Estate Board.

In the past the board has had seven directors, but due to rapid growth, it has been felt that more people were needed on the executive, so the directors have now been increased to nine.

Canada Manpower starts program for students

The Canada Manpower Centre for Students has begun operations in Peterborough for "Summer '75". The office is set up to aid local students seeking summer employment, to help employers locate summer help and to provide information about the various federal and provincial programs offered students during the summer months.

Marilyn Easson has been hired as the student officer in charge. She is a graduate of the University of Western Ontairo and has experience working in Student Manpower offices in Cobourg and Ottawa, Ontario. She worked for the Canada Manpower Centre in Kitchener prior to moving to Peterborough. During the summer months she will be aided by several student assistants.

Mrs Easson and the student assistants will be going out into the community to generate interest and support for student hiring in this area. Efforts will be made to maintain close liason between students seeking work and persons requiring workers.

The office is temporarily situated at 130 Hunter Street, Room 4 until other quarters are established. The telephone number is 743-3815. Interested students and employers are urged to drop into see our operation. The office hours are presently 8:15 a.m. until 4:30 p.m.

Wilberforce hockey news

Some of our teams are now in play-offs. The Midgets are still playing schedule games. The bantams and pee wees have finished schedule games and are waiting playoff game.

We are not picking stars during the play-off games as all players are doing their best.

February 25 - Midgets against Minden in Wilberforce with a score of 9-2 for Wilberforce.

Midget stars this week were: Dwain Tompson, Wayne Graham and Tom Coghlan.

No games for Bantams this week. They will be playing on March 8 for the Glen Dart Trophy.

Pee Wees have finished their scheduled games. They will be playing on March 8 for the Glen Dart Trophy.

February 24 - Atoms against Haliburton in Wilberforce with a score of 9-1 for Wilberforce. This was the first game of the play-offs for the atoms in a 2 out of 3 series.

March 1 - Atoms against Haliburton in Haliburton with a score of 4-3 for Wilberforce.

This puts the atoms in the Glen Dart Trophy Game on March 8.

February 24 - Novice aginst Haliburton in Wilberforce with a score of 3-2 for Haliburton.

March 1 - Novice against Haliburton in Haliburton with a score of 5-1 for Haliburton. The Novice will not be in the Glen Dart Trophy game, however, they have certainly played well all season. Better luck next year boys.

Our Monmouth Trophy Day is being planned for March 29. All our teams will be playing in this tournament. Our Monmouth Figure Skating Club, Senior Girls, will also be providing some entertainment this day in between hockey games. More details on this day later on.

On Saturday

23rd Annual Glen Dart tournament set for action

One of the most interesting hockey tournaments of the year is scheduled for the Haliburton Arena this Saturday (March 8) when several young hockey teams will be in Haliburton to compete in the Haliburton County House League finals, that will make up the 23rd Annual Glen Dart memorial hockey tournament.

Teams will compete in the Novice, Atoms, Pee Wee Bantam and Midget Finals.

The action will start at 9 a.m. and teams will be here from Minden, Wilberforce and Haliburton. The games will run from 9:00 a.m. to 6:00 p.m.

Why not plan now to take your entire family out this coming Saturday for a real thrill-packed day of hockey action at the Haliburton Arena. You won't be disappointed as these young players will be the stars of tomorrow.

Couple congratulates Rotary for carnival

The operation of a winter carnival involves a lot of work and a great deal of effort on the part of those who sponsor the event. In the case of the Haliburton Winter Carnival its the Rotary Club of Haliburton wo sponsor it and usually following each Carnival the club sometimes are criticized for things they did or things they didn't do.

The club was really encouraged when they received the following letter from a couple from Galt telling of how much they really enjoyed the Winter Carnival.

Mr Bill Emmerson
Winter Carnival Chairman
Haliburton, Ontaro
Dear Bill:

On behalf of my good wife (Florence) and myself, I am writing this letter with full sincerity.

To yourself Bill - The Officers - Directors - and all members of The Rotary Club of Haliburton - that wished everyone "A Happy Carnival Time" **A Happy Time It Was**

In our own words, returned to you one and all. "It was a **very, very** Happy Time."

Really must class it as "The Diligent Winter Carnival". Diligence consists of five vital ingredients. Attention - Interest - Desire - Action - Enthusiasm.

During the last three years Florence and I have covered over 25,000 miles of travelling - To the south - north - east - west.

The Diligently- Happy Carnival rates one of the Best.

To the fellows we never got to meet (hoping in time we will) we want to thank you one and all. Even to the women - teenagers - kids in the lovely parade. Because each and everyone walked so tall - therefore they all thought tall. That's the way life should be.

We pulled out of Haliburton Sunday afternoon, even though it was raining - witha feeling of a Spiritual Power that was tremendous.

We will carry that feeling and share it with you one and all, as we travel on lifes journey.

All the Best to yhou all.

Yours Sincerely
Harold and Florence Moore

Children's Centre director addresses meeting

Mr Clair Hilborn, Director, Five Counties Children's Centre at Peterborough was the guest speaker at the January meeting of the Haliburton County Social Planning Council held at the Community Centre in Haliburton on January 30.

Mr Hilborn has been associated with the C. N. I. B. for quite some time, and as of January he has taken the position as Administrator of the Five Counties Children's Centre. This Centre is now 70 per cent completed, and hopefully it will be open for treatment in September.

This Centre is the result of many months of effort put forth by many people. It will be staffed by three physiotherapists, two occupational therapists, a speech therapist, four teachers, the maintenance staff, and of course the administrative staff.

Grants for the Centre come from the Ontario Ministry of Health and from the Ontario Society for Crippled Children - the balance of the money needed is raised within the Five County area, mainly by the nine Rotary Clubs within this are, and from citizens, industry and local municiaplities. At the Centre some of the "niceties" we do not often think of will be found,-all to help the children (such as a stepdown pool, ceiling cords to the typewriters, a one-way mirror in the Occupational Therapy room, and son on). In order to give parents some relief from the responsibility of constantly taking care of a crippled child a 15-bed residence will be included in the plans, and children can be kept there for a short time.

A very excellent film was shown on the Children's Centre in Kitchener, - the new Centre in Peterborough will be built along similar lines. It was most interesting to see what can be done for the crippled children, in an effort to make their bodies strong and mobile, and to help them learn. The swimming pool is used extensively, and other things include the use of a wheel chair, so that a child can move from place to place on his own, climbing stairs, - either forwards or backwards, the use of a vertical stand with cross pieces to reach up to, a big inflated balloon to push on, "think" games, speech therapy, drawing, the preparation of food, finger painting, outdoor games, building blocks, eating with specially designed plates and spoons, and many other activities and lessons.

Mr Hilborn stressed the need for guidance and recreation after the children leave the centre.

At Camp Adeline

Haliburton Brownies attend winter camp

On Friday, February 28, the Brownies and leaders of the 1st Haliburton Brownie Pack set off for a weekend of winter fun at Camp Adelaide.

Despite the bad road conditions, all campers arrived safely at camp, although those that had to brave Dover Hill were a little late.

The girls had an opportunity to try snowshoeing and several passed their Snowshoe Badge. Crazy carpets beat paths down the hills and the girls saw some of the scenic countryside on their observation walk on Saturay. Later, when they were asked what they observed, one Brownie replied, "Lots of snow".

All the girls who attended winter camp will receive their Holiday Badge for participating and doing their duties well.

A special thanks is given to Commissioner Mrs R. Freeman and Mrs Judy Purc for all their help and for the delicious food they prepared. Also, to Mrs Smith for volunteering her assistance as camp nurse and contributing so much to the fun.

A good time was had by all!

Canadian Bible Society raises $2,500 in County

Bibles and more Bible are still finding their way into homes and lands hitherto unreached. The placing of Scriptures is borne by various organizations and the Bible Society is pleased to report that the year 1974 surpassed any previous record. The plea for an extra $100,000 over and above their budget was met by the response of many of God's interested people. Without such friends the Bible Society would be a name only and unable to print, translate and distribute the Word of God for a searching world society.

The Minden and Haliburton branches of the Canadian Bible Society also received the support of donors which gave them a record year also. The dream of these branches had been to raise funds that would at least compare with other organizations soliciting funds for various causes in the county. This past year saw the fulfillment of that dream by the annual report figures just released of $2500.55 being raised in Haliburton County.

This is commendable indeed and we say a hearty thank you to all who in any way supported the Lord's cause in spreading His Word. However, the work is not finished and we must carry on until the Lord of the vineyard appears.

This is Women's Year

To honour the achievements of women throughout the world, the United Nations Organization has named this year, 1975, as "International Women's Year". Undoubtedly there will be celebrations held in the various countries. Here in Canada this will be reflected mostly in the larger centres, where perhaps women are more vocal about their goals and achievements.

Canadian women today are certainly worthy of merit in many fields of endeavour - Science, Industry, Medicine, Politics, Literature, Music, Athletics, etc. But what of yesterday, and what of tomorrow?

The Irish writer and orator, Edmund Burke, wrote .. "People will not look forward to posterity who never look back to their ancestors"... So let us look back to some of our women of yesteryear, women like **SUSANNAH MOODY** who trudged behind a team of oxen to settle in the wilds of Ontario, somewhere north-east of Peterborough, desperately trying to save the treasured items she had brought from the home left behind in England. She was a talented, educated, woman and enriched the lives of other settlers with the "old world" culture she was determined to practise and preserve.

FLORENCE KINTON daughter of an English Professor, younger sister of Mackie Kinton, a pioneer in Muskoka District. She was of a warm and artistic nature, rather delicate in health. She felt terribly disturbed by the plight of the poor and the destitute - a social consciousness which found an outlet in the work of the Salvation Army. She edited the first War Cry published in Canada, and founded the Kingston Art College. After her death (while still quite young) her family gathered together some of her sketches and writings and had them published under the title "Just One Blue Bonnet".

The women of the immigrant families from Europe who settled the Western prairies, who often pulled the plough to break the soil before being able to afford oxen or a horse. They brought so much to Canadian life with their fine, beautiful, needle work, their haunting music and colorful dances.

NELLIE L. McCLUNG, Canadian novelist, born in Grey County in 1873, who moved with her parents to the West. She graduated from Winnipeg Normal School at the age of seventeen, then took a teaching post at Manitou. As her horizons widened she became interested in political questions. In particular she was determined to get rid of that ridiculous provision in the Election Act of Canada .. "No woman, idiot, lunatic, or criminal shall vote". She headed the Winnipeg Political Equality League, and through the work of this group Manitoba was the first province to grant votes to women. That was in 1916. In 1921 she was elected to the Alberta Legislature. It seems ironical that last year Canada marked the 100th anniversary of her birth by issuing a commemorative stamp, yet in the early years she was called "Windy Nellie", caricatured as a mosquito, and told that "nice women didn't mix in the hurly-burly of politics."

ANNIE BULLER, that valiant woman of the Labour Movement, born and raised in Montreal. She had a keen mind, a gift of oratory, and a great love of humanity. She became acutely aware of the terrible conditions of the women and young girls working in the "sweat shops" of the needle trades. This concern led her eventually to give up a promising career in the business world of Montreal and cast her lot with those working men and women who were striving to find a way out of the darkness of poverty, unenlightenment, and despair. In this capacity she travelled all over Canada, wherever her talents were needed. On that fateful day September 29th, 1931, she marched with the Saskatchewan coal miners, their wives and children, from Bien Fait to Estevan. They sought an audience with the Mine Owners and Government Officials to plead for enforcement of the safety and sanitary regulations in the mines, improvement in the shacks called Company houses where they were forced to live or forfeit their jobs, schools for their children so that they would not grow up to be illiterate. Instead they were met with a hail of bullets from R.C.M.P. rifles. Three miners were killed, and Annie was arrested for having addressed a meeting of the miners. In the annals of Canadian Trade Unions her name stands high on the roster, and she is remembered with affection and respect.

EMILY MURPHY, born in Prince Edward County, Ontario, graduate of Bishop Strachan School in Toronto, wife of an Anglican Minister. From childhood Emily wanted to become a lawyer, but was thwarted in this ambition by the fact that the terms of the B.N.A. Act decreed that women were not persons. She studied her brothers' law books and became well versed in legal matters. After having moved to Alberta in 1916 she became the first woman Magistrate in Edmonton Family Court. Here she was continually being challenged in Court by male lawyers as not being a "person". She contacted Nellie McClung's group to join her in the fight to repeal such a ruling. Five successive Canadian Governments had ruled that women were not "persons" and the Supreme Court upheld that ruling. Not to be daunted, Emily and her group appealed to the Privy Council in England and on October 18th, 1929, it reversed the ruling of the Canadian Supreme Court, and Canadian women gained legal status as persons.

Then there were the women who fought against the evils of ignorance and discrimination for the right to enter Medical School and become Doctors. It took a long time, but their determination finally won out. One of the very visible results of their work is Women's College Hospital in Toronto, one of the finest, best equipped, best staffed hospitals in Canada.

There were many others, of course, and what a legacy they left us!

Most of them have passed, but the benefits of their work to Canadians as a whole are inestimable. They blazed the trails for others to follow and many are the feet that have trodden those paths, broadening them into wide highways to knowledge and understanding. True, there are still many gates which are closed, but the young women of today and tomorrow will open them, one by one, and Canada will be the better for it.

United Church Women meet

The Executive of Lindsay Presbyterial U.C.W. met at Fenelon Falls United Church on Wednesday February 12 at 10 a.m. with the President, Mrs B. Roeske of Burnt River presiding.

Mrs Roeske led in our morning devotions - the theme being - "Self Control". "He who is slow to anger is better than the mighty." We should give self control its rightful place in the "fruits of the Spirit". Galations 5, verse 22. The Devotional was closed with prayer.

Mrs Clare Fielder, Coboconk, was appointed secretary in the absence of Mrs Eade Graham.

Mrs Roeske announced that the 13th annual meeting of the Bay of Quinte Conference U.C.W. will convene on April 8 and 9 in Renfrew United Church and urged as many as possible to attend.

The Presbyterial Officers and Chairmen of Committees were not satisfied with the method of reporting from the locals in 1974 so a new system is recommended for 1975. Delegates from Lindsay Presbyterial U. C. W. were appointed to attend the meetings of Lindsay Presbytery of the United Church.

Fenelon Falls U.C.W. graciously served tea and coffee during the lunch hour. The Executive re-convened at 1 p.m.

The places and tentative dates were designated for the Spring Rallies.

Registration for all meetings is at 9:15 a.m.

Region III is to be at Cambray United Church on Wednesday April 30 - Eden U.C.W. are the hostesses and Mrs Clayton Hewie, Cameron, is the Chairman.

Region IV is to be on Wednesday May 7 at Burnt River United Church and Mrs Maurice Watson, Fenelon Falls, the Chairman.

Region I will be Thursday May 15 at Greenbank United Church with Mrs Bert Wannamaker, Seagrave, as Chairman.

There will be Fall Rallies in Regions II, V, and VI. These will be planned at the next executive meeting.

Beaverton U.C.W. will be hostesses for the next Annual Meeting of Lindsay Presbyterial U.C.W. on January 27 or January 29, 1976.

Mrs J. Cobourn, Fenelon Falls, reported that the Presbyterial had reached the amount of $23,773 for the Mission and Service Fund. Our Self Determination for 1975 is to be $23,750 with the desire that we exceed it.

There was discussion regarding the title "Supply and Welfare". Many do not think it to be a realistic description of this department of our work. Mrs Allen Gillis of Cameron was instructed to present a recommendation to the Conference Annual that it be changed. A suggestion was "Community Concern".

The next Executive meeting will be at Fenelon Falls United Church at 10 a.m. on Tuesday June 3.

The meeting was adjourned at 2 p.m.

Sir Sandford Fleming College civil engineering technology students Allan Calkins (left) of Wawa and Brenda Delahey, of Peterborough take measurements in Peterborough's Jackson Park as a preliminary step in designing a new foot bridge spanning Jackson Creek. Plans for the 50-foot structure will be completed by the second-year civil technology class at Sir Sandford, and it will be built by persons involved in a project sponsored by the city's Social and Family Services Department, which asked the college for design assistance.

Nixon says problem not solved

A few weeks ago the Ontaro Government managed to reach an eleventh hour agreement with the Civil Service Association of Ontario to avert a Province-wide strike.

The crisis was averted but the problem was not solved.

The problem is the legislation which governs our civil servants - The Crown Employees Collective Bargaining Act. When this Bill was passed in the Legislature in May of 1972 I opposed it because it was unnecessarily restrictive. It was and remains a law that is wrong in principle and therefore ultimately self-defeating. Its first test almost resulted in a crippling Province-wide strike.

The essential question is whether or not our public servants should be granted the right to strike. The current legislation says no. But it fails to recognize that the thousands of public employees work in hundreds of job categories. Obviously Ontario would not grind to a halt if the employees of liquor stores were out on strike. But the safety of the public would be seriously threatened if the Ontario Provincial Police were not on duty. This is the basic fault of the Crown Employees Collective Bargaining Act. It is not selective.

During the recent negotiations, the Provincial employees left no doubt in the mind of anyone that they were prepared to down tools in spite of this legislation. Therefore the legislation could not prevent a strike, only make it illegal.

It is evident to me that before we face the threat of another strike in 1975 the Crown Employees Collective Bargaining Act must be reviewed. Several months ago I suggested that a joint committee of M.P.P.s and representatives of the Civil Service Association should be set up to examine the current legislation to see if it can be amended to the satisfaction of both the public and the public workers. I feel this is still a valid suggestion. The alternative " is another bitter controversy between the Government and its employees and a renewed threat to break the law and strike.

T. Prentice-D Pritchard That the Secretary be directed to prepare the necessary agreement with Bittergreen Productions Ltd. relative to the use of the Community Centre in the summer based on their submission. Carried.

T. Prentice-D. Pritchard That By-law 75-1 having been read a first time, be considered as read a second and third time and passed. Being a by-law to authorize participation in the Ontaro Municipal Employees Retirement System. Carried.

R. Parisotto-D Pritchard That the Student Employment Programme adopted by the Municipality to provide for Playground Supervision and Student workers at the Community Centre during the summer be approved. Carried.

T. Prentice-D. Pritchard That By-law 75-2 having been read a first time, be considered as read a second and third time and passed. Being a by-law to establish the rates of remuneraion for employees. Carried.

D. Pritchard-T Prentice That the Secretary-Treasurer be directed to contact Minden Minor Hockey Association and Minden Figure Skating Association to submit their budget and financial statements for grant consideration. Carried.

D. Pritchard-T Prentice That we reccommend to the Council that the Municipality approach the Presidents of the Kinsmen and Rotary Clubs to promote the erection of a suitable marker citing the contributions of both clubs to the development of the Community Centre and Minden Park. Further the Council be advised that the Committee feels this just recognition will be far more attractive than the erection of service club emblems on each and every individual project the Clubs might wish to undertake and it would be in keeping with the aesthetic values in the Park. Carried.

R. Parisotto-D. Pritchard That we do now adjourn. Time: 9:20 p.m. Carried.

Davis—Pettit wed

St. Peter's Anglican Church at Maple Lake was the setting for a beautiful wedding on Saturday February 22 when Nancy Irene, daughter of Mr and Mrs Harry Davis was married to D. Bruce Pettit, son of Mr and Mrs Ross Pettit of Dundas, Ontario.

Given in marriage by her father the bride wore a long white and chapel length veil and carried a bouquet of Red Roses, Lily of the Valley and Ivy. The bride's attendants were Miss Grace Whittington of Dundas, Maid of Honour; Mrs Gail Gilbert of Toronto as Bridesmaid and Miss Lee Anne Pettit of Caledonia as Junior Bridesmaid. Best man was Mr Roger Pettit of Caledonia, brother of the groom. Ushers were Rod Covert of Huntsville and Bob Davis, brother of the bride.

Music was played by Miss Isabel Gibbs and the service was conducted by the Reverend Douglas Brown.

There were guests from Hamilton, Burlington, Dundas, Toronto, Lindsay and Fenelon Falls. Following a reception at Deer Lodge with Bob Davis as Master of Ceremonies, the happy couple left on a motor trip to the Laurentians. They will reside in Haliburton upon returning from their honeymoon.

Scouts held Campout

On the weekend of February 15 the first Haliburton Scout Troop had its winter campout. The campout area was located on Stoney Lake, about six miles east of Dorset.

The scouts present on the excursion were Danny Martin, Peter Scheffee, Duane Lewis, Paul Madden, Alan Cooper, Bill Tripp, Philip, Keith and Robert Smith, Eric Smith, Mike Varty, Tim Elstone.

The leaders who accompanied the boys were Davd Kennedy, Glen Carter, Jim Whiteway, Johnston Bailey and Ed Whiteway.

Most of Saturday was spent setting up camp because there was a great deal of snow to clear away. For both days we couldn't have asked for better weather conditions.

The first Haliburton Scout Troop and the Dorset Venturers combined their efforts for a most enjoyable winter experience. The boys were well prepared and a great deal of fun was had by all.

A special thanks goes out to Earl Cooper and Marvin Varty for providing needed transportation back and forth from the camp area. We certainly appreciated their efforts.

Logan wants local voice

Dave Logan today officially announced he will be a candidate for the Victoria-Haliburton Liberal Nomination to be held at the Academy Theatre on March 7th at 8:00 p.m.

Commenting on his decision to seek the nomination, the 42 year old candidate stated, "My experience in the past three years as Mayor of the Town of Lindsay has convinced me that the Davis Government is too centralized in Toronto. Because this has happened, the Davis Government does not hear the voice of local municipalities. With thousands of civil servants located in Toronto, little empires are built and maintained in Queen's Park, and they don't hear us in Victoria-Haliburton."

"For example," Mr Logan stated, "residential taxes are higher here in Victoria-Haliburton because the Davis Government has declared we are to be a tourist area. In doing this, the Davis Government will not encourage industry to locate here. If we had more industry, more of the tax load would be taken up by that sector. While I do not oppose the designation of this area as a tourist area, I do feel the Provincial Government must give us money to make up for this loss of tax support. It is not fair for the local tax payer to be subsidizing the Province of Ontario. Why should the local tax payer pay for a decision made in Toronto?"

"In addition, when the Provincial Government sets the dollar figure for hospital bed subsidies, the Davis Government will not take into account the fact that our population in this area doubles for about one-third of the year. In addition, in spite of the fact that we are labelled a tourist area, the Davis Government will not take tourists and cottage owners into account when providing subsidies for roads which are used by tourists and cottage owners. It is amazing to believe that these empire builders in Toronto could not have heard the local voices raised in protest against these Government policies."

"Labour negotiations, especially with the teachers, have been confrontations rather than negotiations. This was predicted when the Davis Government reduced the power of the local school boards."

"It will be my recommendation that the Liberal Association for Victoria-Haliburton take a strong stand in recommending assistance be given to the farmer on the purchase of equipment, parts and other costs of production. Assistance on municipal taxes to farmers should be maintained along with assistance on gasoline, tile drainage, and construction of ponds. It is important to keep the farmer in business."

"I recommend that the association be strongly against regional government for this area. If it is put in, we will become a backwash for the larger cities to the south or east, and our local costs will increase."

"In this area, there are many people who are employed by the General Motors plant in Oshawa. Many are being laid off at this time as a result of the problems that the automobile industry is experiencing. I feel that emergency steps have to be taken with respect to the automobile industry. An area where assistance could be given with respect to the automobile industry would be sales tax. Currently, when a person buys a car, they pay seven percent sales tax to the province and 12 percent sales tax to the federal government. If these sales taxes were removed, it would make it much easier for people to buy automobiles. The result would be more cars being sold, and more people in our area having full-time employment."

"If I am nominated, it will be my intention to put forward these points to the voters in Victoria-Haliburton, and if I am elected as the representative for Victoria-Haliburton, it will be my intention to speak out for this area of Ontario."

Thank You

The sales of hot dogs and hot chocolate proved very successful on carnival weekend at the mobile booth operated by the Haliburton Scout Organization.

We wish to thank those who supported us, and give special thanks to John Smith of Haliburton, who donated the booth.

Thanks also to Jim Whiteway, a Toronto resident, who also helped last year and takes a much appreciated interest in our Scout movement.

Obituary

Cottage breakins

Although there appears to be no general trend tying them together, cottage breakins continue to be reported in the Minden OPP detachment area.

The occurrences are reported as being widespread with no concentration in any one location.

One of the breakin incidents was reported to police involving a cottage on Kawagama Lake, north-east of Dorset. Further details are not presently available as investigations continue.

Is this the Law?

Most people are genuinely dismayed at the rising crime rate, violence and vandalism about which we read in our daily newspapers, but we are inclined to believe that it is a 'city' problem.

This can be a dangerous belief. Things which happen in cities have an insiduous way of seeping out into towns and villages. For that matter, to some degree, it already has.

What can the average citizen do to stem the tide? It certainly isn't any good complaining to your neighbour that the laws should be stronger, our police tougher and that 'some-one' should do something about it. The 'some-one' in a democratic country is the ordinary citizen, you! Legislation and change come about through the ordinary citizen but only if he be-stirs himself out of his natural apathy and takes advantage of the democratic process he has inherited.

The first step in this particular crisis, is to arm ourselves with knowledge of the laws and decide for ourselves if they are adequate for our protection in this changing society. Or perhaps, if the laws are adequate, the inadequacy may be in the administration.

To help you take this first step, the Haliburton County Social Planning Council is sponsoring a panel discussion and question period at the Canadian Legion Hall, Haliburton, on Wednesday, March 12 at 1:30 p.m. The panel will consist of knowledgeable persons from various branches of the law, well able to enlighten us on the intricacies which we find difficult to understand.

If you have a family, home, business or livelihood in this county which you are determined to protect from the inroads of lawlessness, do something POSITIVE now! Take two hours of your time and attend this discussion.

When we fully understand our criminal laws, their administration and the problems they face, we can then continue the democratic process and bring about change.

If you say, after reading this, that you hate meetings and can't spare the time, anyway, then you are placing a very low value on your investment in the community and the freedoms which you enjoy.

"Each liberty and freedom carries a comparable responsibility."

Obituary

Buster McKelvey

Buster McKelvey of Minden passed away suddenly at his home on February 1 in his 55th year.

Although he had been in poor health for the last few years his sudden passing was a great shock to all who knew him.

Born in Miden he was the oldest son of Wilbert (Bert) McKelvey and the late Dossie (Cox) McKelvey. He received his education in the old SS No. 8 stone school.

Buster met and married Roean Huges in September 1940. He lived his lifetime around Minden, working in logging camps, Ontario Hydro and for Elgin Stouffer, when he took sick and had to stop work.

He is survived by his wife Roean, son Dan at home and Isabell (Mrs Everett Fearry) of Minden also four grandchildren.

Also his dad Bert McKelvey, three sisters, Audrey (Mrs Wilbert Trumbull) Mildred (Mrs Lorne Gartshore) Jean (Mrs Earl Kent) and four brothers Irvine, Edward, Douglas and Ron all of Minden. He was predeceased by one sister Bernice Mrs Russel Crawford and his mother Dossie McKelvey.

The late Mr McKelvey rested at the John Welch and Son funeral home in Minden until February 3 with the funeral service being conducted by the Reverend Bushel. Interment was at the INgoldsby vault, with interment later in the spring at Bethel Cemetery.

Pallbearers were all relatives Peter Fearrey, Max and Jerry McKelvey, Glen Porter and Frank and Trueman Wright.

Floral tributes were many and beautiful, showing the high esteem in which he was held.

Halls Lake news

With sun and still enough snow on Friday and Saturday for outside sports it was a good weekend, but Sunday's dull damp weather sent many cottagers home early. Monday with heavy rain and even lightning and thunder we wonder what we are in for next.

Sorry to hear of one of our esteemed residents and former public servant passing away. Mr Thomas Welch of Maple Lake former Clerk of Stanhope and also Secretary of the School Board for many years, as well as being Rector's Warden of St Peter's Church at Maple Lake, will be missed by many. Sympathy of this area is sent to his family.

Guests visited Jenning's Sandy Lane Resort from Maryland again this week. They certainly enjoy Canadian winters and the good accommodation afforded them.

A fire at Cline's cottage on Highland Road last week found 17 firemen on deck in about 15 minutes flat. When they are called these boys really move quickly.

Some of our local people as well as visitors are now catching some good lake trout.

Sorry to hear that Lil Rawlins, Iris Hunt and Lois Davies have been laid up with the flu and bad colds. Trust they will soon be back on the "well" list.

Mrs Mary Oliver is away to Toronto at present visiting with her son Raymond and family.

Tickets are now available for Club 35's St. Patrick Party on March 15. Good music and food are being arranged for.

The Auxiliary of Hyland Crest will be making further arrangements at tonight's meeting for the anticipated Spring Fashion Show. Also there will be a St. Patrick's Party for the residents and their friends. Last Tuesday evening Mrs Rawlins and some of the staff members put on a concert for the residents, and a group of young girls did a cute dance number. A fashion show by a small group of men and some skits provided the entertainment and with Mr Ballard playing the piano and organ at one time it was a good evening. Fruit bread. crackers and cheese as well as tea and coffee were provided by the auxiliary for all.

Carnarvon news

Mr and Mrs Verne Harrison of Peterborough and their family were weekend visitors with Mr and Mrs Bert Harrison.

The deepest sympathy of this community is extended to the family of the late Mr Tom Welch.

We were saddened this week to hear of the death of Mr and Mrs Bert Johnson's daughter Shirley. The Johnsons were well known in Haliburton.

Mrs Irvine from Niagara Falls, (Mrs Audrey Chambers mother) visited with their family last weekend.

A shower was held in the C E Bldg. for Allison Chambers who is being married in April. We all wish them a happy married life.

Mr and Mrs Syd Barnes had their family home last week Alan and his family from Peterborough and Barbara and Lloyd Masaske from Seagrave.

We are sorry to say that two of our ladies had bad accidents last week. Mrs Muriel Hewitt fell and broke her hip and she is in Sarnia General Hospital and Mrs Elsie Bursey who is in Ross Memorial Hospital in Lindsay.

This notice first published on the 6th day of March, 1975.

Gems of Truth

CORRECT HEARING:

"Take heed therefore, how ye hear". (Luke 8:18)

It was the Master Teacher who warned His followers about correct hearing. The parable of "the sower" was the setting. (Mark 4:24) and (Luke 8:18). In Mark's account we are warned as to "what" we hear and in Luke it is as to "how" we hear. The parable of "the sower" is the only one explained by the Lord of the harvest and is extremely important, for "correct hearing" places the "hearers" in the proper status of being a true child of God or a hearer only. Hearers only have no part of any present or future fellowship with the Lord of Glory.

More than ever before, one finds and hears many voices clamouring to be heard and the truth about correct hearing is more evident than ever. The fact that people hear even though they miss the true sense of discernment of what they hear reaps a harvest of fruit be it good or evil. To hear correctly takes the "how" and "what" of Jesus' warning in the "parable of the sower". The sower went forth to sow and Jesus said the seed is the "Word of God".

Since true faith comes by hearing, and hearing by the Word of God, it is evident that "hearing aright" is the essential ingredient to faith and salvation. (Romans 10:17). In Ephesians, Chapter one and verses 12 and 13 we read that God's children became such by trusting in Christ, after that they heard the word of truth, the gospel of their salvation, in whom also after they believed were sealed with that Holy Spirit of Promise".

Such correct hearing is fruitful indeed as the true message of the Word of God fell upon good ground. The unadulterated Scriptures are the Voice of the Lord just as truly as the audible Voice of the Lord Jesus was to them that heard Him speak. We need to hear the Word, it alone is reliable and life giving. To hear its message correctly needs a prepared heart and a prepared heart is one that has a true desire to "hear and "heed" what the Bible says. Understanding does not come to those who do not really accept what it says. A prepared heart accepts its message and gives heed to it when it is heard. Such a heart is a heart as Lydia possessed. (Acts 16:14). There was no hesitancy or objection to the nature of the message she heard from the lips of the Lord's servant Paul. There was no debate or squabble about her hearing what the Word says, she gave heed and was instantly brought into the family of God.

The manner or "how" we hear is important indeed. It embraces without any protest, and true perception of truth is given by the Holy Spirit and the "seed" becomes a "sprout", then 'the blade", then the "full corn in the ear". (Mark 4:28). Fruit and more fruit is the earnest desire of the Lord of the Church and full obedience and hearty and prompt obedience is the formula given to us in James 1:22, 23, 25.

Jesus said "My sheep hear my voice, and I know them, and they follow Me". (John 10:27). Hearing His voice and following Him implies that one can discern between that which is Truth and that which is false. In 1 John 4:1 we are admonished to "believe not every spirit, but try the spirits whether they are of God; because many false prophets are gone out into the world". How very needful it is to "hear" correctly in these days of many voices God's children well know. To discern what is truth and what is error is the reward for earnest hearing what the Spirit says unto the Church. (Revelation 2:29, 3:6, 13, 22). Jesus says "take heed how and what you hear".

Maple Lake news

Mr and Mrs Earl Dawson of Toronto, spent the weekend with Mr and Mrs Stewart Dawson.

Mr Gordon Cruickshanks and Mrs Duke Teatro called to visit Mr and Mrs Herbert Fountain on Saturday.

Mrs Emily Bain and Mr Farly Fountain have been laid to rest. Sympathy of the community go out to relatives.

A wedding of interest and beauty was held at St. Peter's church on Saturday afternoon and what a georgeous sun shone down for the happy occasion.

Old man winter handed out a variety of weather lately. Thunder storms, rain like it never rained before, and ending in a snow blizzard. February came in like a lamb, but the lion saw the ending of the month.

Mr and Mrs Neilson Ownes spent a few days taking care of Mrs Annie Fountain, but was called home, as her father was taken into hospital.

We take our hats off to our Stanhope Snow Crew, with the high winds and snow squall's the roads were kept passible, "Thank you."

To our sick and shut ins we send greetings and to those who have birthdays "Congratulations".

Mr Napier Simpson and friends were at Blagdon Hill over the weekend.

Mrs Jim McEwen and children were home with Mr and Mrs Gordon Carr over the weekend.

In Memoriam

ANDERSON - In memory of our dear friend, Jim, who passed away four years ago on March 8.

As time unfolds another year,
Our memories keep you ever near;
Silent thoughts of times together,
Hold memories that will last forever.

Always remembered by Glenn, Shirley, Aldo and Glenda.

DAVIDSON - In loving memory of our dear father, Thomas Davidson, who passed away March 10, 1956.

Looking back with memories
Upon the path you trod,
We bless the hours we had with you,
And leave the rest with God.

Always remembered by Bernard, Aitken, Lauretta and Bernice.

In Memoriam

STAMP - HATTIE - In loving memory of a dear mother and grandmother who passed away March 7th, 1973.
Mom's life is a beautiful memory
Here death is a silent grief,
She sleeps in God's beautiful garden
In sunshine of perfect peace;
We miss her, oh how well,
But realize God knew best,
He let us have her many years;
Then gently bade her rest.
Sadly missed by son Brant, daughter-in-law Eileen and family.

UPTON - In loving memory, dear sister Lena May, who passed away on March 14, 1974.
Dear sister you are not forgotten
Though on earth you are no more,
But in memory you are with us
As you always were before.
Sadly missed by sister Rena Horsley.

Thank-You

LEASING
VERY LITTLE DOWN WHEN YOU LEASE A NEW CAR FROM US
That's because your deposit on a new lease car can be substantially less than what you'd put down to buy a new car. What's more, you'll never fret over what your lease car is worth at trade-in time because your car will never get too old.
Each monthly leasing payment also covers such costs of enjoying a new car as financing, depreciation, taxes.
There are other solid reasons for leasing a new Chevrolet from us. So, come on in. Let's discuss the lease plan . . . and that new Chevrolet . . . that fit your needs.
And your pocketbook.
